Type	Power Distribution Box with FNET switch		
Subject	End of Sale and End-of-Life Announcement		
Issue	Rev 1.0		

Moog announces the end-of-support and end-of-life dates for all CDB06141 Control Loading products.

Milestone	Definition	Date
End-of-life Announcement Date	The date of the document that announces the end of sale and end of life of a product is distributed to the public.	Aug, 2024
End-of-Sale Date	The last date to order the product through the Moog point-of-sale contact. The product is no longer for sale after this date.	Aug, 2023
Last Date of Support	The last date to receive guaranteed service and repair for the product. After this date, support services for the product are not guaranteed as the product becomes obsolete.	Aug, 2028
Replacement Introduction Date	The date the alternative product can be ordered.	2016

Product Migration

A form-fit-function replacement part is available: **CDB06141-302**

NOTE: The CDB06141-302 does not have an onboard ethernet switch, that means that FNET is not supported anymore. If FNET communication is still needed, a normal (desktop) ethernet switch can be used for that purpose.
